*Minister of Natural Resources
Minister responsible for the
National Parks System*

SCHEDULE**[Paragraph 2]****VICTORIA PEAK NATURAL MONUMENT**

All that piece or parcel of land comprising of approximately 4,847 acres situate in the Stann Creek District and bounded on the North by Sittee River Forest Reserve; East by Sittee River Forest Reserve and Cockscomb Basin Wildlife Sanctuary; South by Cockscomb Basin Wildlife Sanctuary; West by Cockscomb Basin Wildlife Sanctuary and Chiquibul National Park and is known to be the Victoria Peak National Monument hereinafter described as follows:

Commencing at a point on the Main Divide of the Maya Mountains having a UTM coordinate of 320 450 East and 1859 150 North;

thence southwest on a bearing of S 02° 12' 09" W for a distance of approximately 650.5 meters to its southwest corner having a UTM coordinate of 320 425 East and 1858 500 North;

thence northeast on a bearing of S 89° 53' 18" E for a distance of approximately 12,825 meters to a point having a UTM coordinate of 333 250 East and 1858 525 North;

thence north on a bearing of N 00° 45' 01" W for a distance of approximately 1,527. 1 meters to a point having a UTM coordinate of 333 230 East and 1860 052 North;

thence westerly on a bearing of S 89° 55' 41 " W for a distance of approximately 12,765 meters to a point having a UTM coordinate of 320 465 East and 1860 036 North;

thence south on a bearing of S 00° 58' 12" W for a distance of approximately 886.1 meters back to the point of commencement.

WILDLIFE SANCTUARY DECLARATION
(CROOKED TREE) ORDER
(Section 3 (1))

[8th December, 1984.]

Short title.

1. This Order may be cited as the

**WILDLIFE SANCTUARY DECLARATION (CROOKED
TREE) ORDER.**

Declaration of
Wildlife
Sanctuary.

2. Every area specified in the Schedule to this Order is hereby declared to be a Wildlife Sanctuary.

SCHEDULE
[Paragraph 2]

Firstly:

(a) **CROOKED TREE LAGOON AREA**

ALL THAT LAND in the Belize District comprising strips 300 feet wide measured inland from both shores or banks of Calabash Pond, Revenge Lagoon, the creek which connects Revenge Lagoon to Crooked Tree (Northern) Lagoon, Western Lagoon, Poor Hall Creek, Spanish Creek Lagoon, Southern Lagoon, and Black Creek; also a strip 300 feet wide measured inland from the eastern shore of Crooked Tree (Northern) Lagoon; and also all the submerged lands beneath each of the said several waterways: and

including firstly, approximately 600 acres of land situate between Western Lagoon on the West, Crooked Tree (Northern) Lagoon on the East, an East - West line on the North, and the creek connecting Poor Hall Creek to Crooked Tree (Northern) Lagoon on the South and, secondly, approximately 2,300 acres of land situate between Crooked Tree (Northern) Lagoon and Black Creek and on the South side of the junction of these two waterways, but excluding any lands leased or granted which lie within the area, and more particularly described as follows:

Commencing at a point 300 feet West of the high water mark of the Western shore of Calabash Pond, the approximate co-ordinates of which point are 3 36 000 metres East and 19 82 925 metres North; thence southerly along a meandering line 300 feet inland from the high water mark of the Western shores of Calabash Pond and Revenge Lagoon for a distance which would form a base in a straight line of approximately 6.38 miles to a point the approximate coordinates of which are 3 33 750 metres East and 19 72 900 metres North; which point is on a trail connecting Back Landing to Back Landing Waterside; thence Southerly along a meandering line 300 feet inland from the high water mark of the Western shores of Western Lagoon, for a distance which would form a base in a straight line of approximately 2.42 miles to a point 300 feet West of the high water mark of the Western shore of Western Lagoon, the approximate coordinates of which are 3 33 750 metres East and 19 69 000 metres North; thence Southerly along a meandering line 300 feet West of the high water mark of the Western shore of Western Lagoon for a distance which would form a base in a straight line of approximately 7.12 miles to a point 300 feet inland from the high water mark at the junction of Western Lagoon and Poor Hall Creek, the approximate coordinates of which point are 3 34 250 metres East and 19 57 550 metres North; thence Southerly along a meandering line 300 feet inland from the high water mark of the West bank of Poor Hall Creek for a distance which would form a base in a straight line of approximately 0.72 miles to the Northern boundary of the mahogany works known as Caesar Cato; thence South Easterly along the Northern boundary of Caesar Cato Mahogany Works to the high water mark of the Western shore of Spanish Creek Lagoon; thence Southerly along a meandering line along the Western

shore of Spanish Creek Lagoon for a distance which would form a base in a straight line of approximately 4.40 miles to a point the approximate coordinates of which are 3 31 875 metres East and 19 49 550 metres North; thence due East for a distance of 0.19 mile to a point 330 feet East of the high water mark on the Eastern shore of Spanish Creek Lagoon; thence Northerly along a meandering line 300 feet inland from the high water mark of the Eastern shore of Spanish Creek Lagoon for a distance which would form a base in a straight line of approximately 5.17 miles to a point 300 feet South of the high water mark of the Southern waterway which connects Poor Hall Creek and Crooked Tree (Northern) Lagoon, the approximate coordinates of which point are 3 35 110 metres East and 19 57 350 metres North; thence Easterly along a meandering line 300 feet inland from the high water mark of the said connecting waterway between Poor Hall Creek and Crooked Tree (Northern) Lagoon for a distance which would form a base in a straight line of approximately 0.50 mile to a point 300 feet West of the high water mark of the Western shore of Southern Lagoon, the approximate coordinates of which point are 3 35 915 metres East and 19 57 350 metres North; thence Southerly along a meandering line 300 feet inland from the high water mark of the Western shore of Southern Lagoon for a distance which would form a base in a straight line of approximately 4.91 miles to a point 300 feet South of the high water mark at the Southern tip of Southern Lagoon, the approximate coordinates of which point are 3 37 275 metres East and 19 49 560 metres North; thence Northerly and North Westerly along a meandering line 300 feet inland from the high water mark of the Eastern shore of Southern Lagoon for a distance which would form a base in a straight line of approximately 4.65 miles to a point 300 feet East of the high water mark of the Eastern shore of Southern Lagoon, the approximate coordinates of which point are 3 36 425 metres East and 19 57 000 metres North; thence on a grid bearing due East for a distance of approximately 2.94 miles to a point 300 feet inland from the high water mark of the South bank of Black Creek, the approximate coordinates of which point are 3 41 150 metres East and 19 57 000 metres North; thence South Easterly along a meandering line 300 feet inland from the high water mark of the South bank of Black Creek for a distance which would form a base in a straight line of approximately 4.22 miles to a point the approximate coordinates of which are 3 46 775

metres East and 19 53 200 metres North; thence along a grid line due East across Black Creek for a distance of approximately 0.14 miles to a point 300 feet inland from the high water mark of the North bank of Black Creek to a point the approximate coordinates of which are 3 47 000 metres East and 19 53 200 metres North; thence North-Westerly along a meandering line 300 feet inland from the highwater mark of the North bank of Black Creek for a distance which would form a baseline of approximately 7.55 miles to a point 300 feet East of the high water mark at the junction of Black Creek and Crooked Tree (Northern) Lagoon, the approximate coordinates of which point are 3 39 550 metres East and 19 62 800 metres North; thence Northerly along a meandering line 300 feet inland from the high water mark of the Eastern shore of Crooked Tree (Northern) Lagoon for a distance which would form a base in a straight line of approximately 5.24 miles to a point 300 feet inland from the North bank of the creek which connects Crooked Tree (Northern) Lagoon to Western Lagoon, the approximate coordinates of which are 3 37 000 metres East and 19 70 835 metres North; thence North Westwards along a meandering line 300 feet inland from the North bank of the said creek connecting Crooked Tree (Northern) Lagoon and Western Lagoon for a distance which would form a base in a straight line of approximately 2.05 miles to a point 300 feet East of the high water mark of the Eastern shore of Revenge Lagoon, the approximate coordinates of which point are 3 34 400 metres East and 19 72 875 metres North; thence Northerly along a meandering line 300 feet East of the high water mark of the Eastern shores of Revenge Lagoon and Calabash Pond for a distance which would form a base in a straight line of approximately 6.05 miles to a point 300 feet East of the high water mark of the Eastern shore of Calabash Pond, the approximate coordinates of which point are 3 36 400 metres East and 19 82 400 metres North; thence North Westwards across Calabash Pond for a distance of approximately 0.41 mile back to the starting point; save and except all land in the Crooked Tree island situate North of 19 60 00 metre North grid line and all other lands leased or granted which are situate within the area described and excluding also the roadway and causeway leading from the Northern Highway to Crooked Tree Village and any extension or deviation thereof.

This description is based on a compilation of the 1/50,000 topographical map sheets Nos. 10, 15 and 16; Series E 755 (D.O.S. 4499) Edition GSGS published by the Directorate of Overseas Surveys, England.

Secondly:

(b) MEXICO AND JONES LAGOON AREA

ALL THOSE LANDS situate in the Belize District comprising strips 300 feet wide measured inland from the high water mark of both Eastern and Western shores of Mexico and Jones Lagoons and also the submerged lands beneath these waterways described as follows:

Commencing at a point 300 feet West of the high water mark of the Western shore of Mexico Lagoon near its Northern end, the approximate coordinates of which point are 3 48 800 metres East and 19 65 000 metres North; thence Southerly along a meandering line 300 feet inland from the high water mark of the Western shores of Mexico Lagoon and Jones Lagoon and the waterways connecting them and the West bank of Mexico Creek for a distance which would form a base in a straight line of approximately 6.42 miles to a point 300 feet inland from the high water mark of the West bank of Mexico Creek, the approximate coordinates of which point are 3 50 700 metres East and 19 54 850 metres North; thence in a grid bearing due East for a distance 0.19 mile across Mexico Creek to a point 300 feet East of the high water mark of Mexico Creek, the approximate coordinates of which point are 3 51 000 metres East and 19 54 850 metres North; thence Northerly along a meandering line 300 feet inland from the high water mark of the East bank of Mexico Creek and the Eastern shores of Jones Lagoon and Mexico Lagoon and the waterways connecting them for a distance which would form a base in a straight line of approximately 6.41 miles to a point 300 feet inland from the high watermark of the Eastern shore of Mexico Lagoon, the approximate coordinates of which point are 3 49 200 metres East and 19 65 000 metres North; thence on a grid bearing due West for an approximate distance of 0.25 mile back to the starting point; save and except all lands leased or granted.

This description is based on a 1/50,000 topographical map, Sheets No. 16 and No. 11, Series E 755 (D.O.S. 4499) Edition GSGS published by the Directorate of Overseas Surveys, England.

(HON. EDUARDO JUAN)

Minister of Natural Resources

SCHEDULE**[Paragraph 2]****COCKSCOMB BASIN WILDLIFE SANCTUARY**

ALL THAT piece or parcel of land lying in the Stann Creek District and being now or formerly National Lands and hereinafter referred to as the Cockscomb Basin Wildlife Sanctuary and bounded on the North by the Cockscomb Range of the Mountain Victoria Peak, the southern boundaries of Estates Numbers 110 and 109 known as the Finish and Golden Phippen respectively and part of the southern boundary of Estate Number 108 known as Plenty; on the East by part of the western boundary of Hughes Estate numbered 111; on the South by National Lands and parts of the western and northern boundaries of Red Bank Estate numbered 155 as shown on Government Property Map lodged in the Lands and Survey Department. West by part of the Main Divide and containing approximately 35,336 Ha (87,318 Acs.) and being more particularly described as follows:-

Commencing at the Southwest corner of Finish Estate numbered 110 and having the scaled UTM coordinates of E 340 800 and N 1859 800; thence in a Southeasterly direction along the southern boundary of the said estate for an approximate distance of 2750 meters to a point having the scaled UTM coordinates of E 343 460 and N 1859 250 and being the southwest corner of Golden Phippen Estate numbered 109; thence in a Southeasterly direction along the southern boundary of the said estate numbered 109 for an approximate distance 3,700 metres to a point having the UTM coordinates of E 346 278 and N 1856 832 and being the Southwestern corner of the estate numbered 108 hereinafter mentioned; thence in a Southeasterly direction along the southern boundary of the said estate numbered 108 for a distance of 415 metres to a point having the UTM coordinates of E 346 615 and N 1856 588; thence in a Southerly direction for a distance of 656 metres and having the UTM coordinates of E 346 558 and N 1855 934; thence in a westerly direction for a distance of 1000 metres having the UTM Coordinates of E 345 560 and N

1855 995; thence in a Southerly direction for a distance of 1000 metres to a point having the UTM coordinates of E 345 499 and N 1854 997; thence in a Westerly direction for a distance of 500 metres to a point having the UTM coordinates of E 345 000 and N 1855 028; thence in a southerly direction for a distance of 1000 metres to a point having the UTM Coordinates of E 344 938 and N 1854 030; thence in a westerly direction for a distance of 2000 metres to a point having the UTM coordinates of E 342 942 and N 1854 152; thence in a Southerly direction for a distance of 1,000 metres to a point having the UTM coordinates of E 342 881 and N 1853 154; thence in a Northwesterly direction for a distance of 3,000 metres to a point having the coordinates of E 339 887 and N 1853 337; thence in a Southwesterly direction for a distance of 1,000 metres to a point having the UTM coordinates of E 339 825 and N 1852 339; thence in a Westerly direction for a distance of 1,000 to a point having the UTM coordinates of E 338 827 and N 1852 400; thence in a Southwesterly direction for a distance of 1,000 metres to a point having the UTM coordinates of E 338 766 and N 1851 402; thence in Northwesterly direction for a distance of 2000 metres to a point having the UTM coordinates of E 336 770 and N 1851 525; thence in a Southerly direction for a distance of 570 metres to a point having the UTM coordinates of E 336 735 and N 1850 955; thence in Southeasterly direction for an approximate distance of 1960 metres to a point having the scaled UTM coordinates of E 337 000 and N 1849 000; thence in an Easterly direction for an approximate distance of 350 metres to a point having the scaled UTM coordinates of E 337 350 and N 1849 000; thence in a Southwesterly direction for an approximate distance of 3,393 metres to a point on the Northern boundary of Red Bank Estate, the said point having the scaled UTM coordinates of E 334 956 and N 1846 607; thence in a Northwesterly direction along the said boundary for an appropriate distance of 2,884 metres to the northwest corner of the Red Bank Estate, the said point having the scaled UTM coordinates of E 333 120 and N 1848 837; thence in a Southerly direction along the said Red Bank Estate for an approximate distance of 2,157 metres to a point having the scaled UTM coordinates of E 332 835 and N 1846 694; thence Westerly along the extension of the said ridge for an approximate distance of 4,263 metres to a point having the scaled UTM coordinates of E 328 700 and N 1845 700; thence in a Northwesterly

direction along the extension of the said ridge for an approximate distance of 2,200 metres to a point having the scaled UTM coordinates of E 326 950 and N 1847 050; thence in a Southwesterly direction along the extension of the said ridge for an approximate distance of 1,032 metres to a point having the scaled UTM coordinates of E 326 100 and N 1846 500; thence in a Westerly direction along the extension of the said ridge across the Swasey Branch and along another ridge for an approximate distance of 16,850 metres to a point on the Main Divide of the Maya Mountains and having the scaled UTM coordinates of E 311 150 and N 1845 650; thence in a Northerly direction along the said Main Divide for an approximate distance of 20, 519 metres to a point having the scaled UTM coordinates of E 320 450 and N 1859 150; thence in a Southerly direction for an approximate distance of 650 metres to a point having the scaled UTM coordinates of E 320 425 and N 1858 500; thence in an Easterly direction for an approximate distance of 12,800 metres to a point having the scaled UTM coordinates of E 333 250 and N 1858 525; thence in a Northerly direction for an approximate distance of 850 metres to a point having the scaled UTM coordinates E 333 250 and N 1859 400; thence in an Easterly direction along a ridge and across the Sittee Branch and along another ridge for an approximate distance of 8,532 metres to a point having the scaled UTM coordinates of E 340 800 and N 1859 800, the said point being the point of commencement.

SCHEDULE 2

COCKSCOMB BASIN WILDLIFE SANCTUARY

ALL THAT piece or parcel of land in the Toledo District comprising approximately 14,140 hectares (34,942 acres) and being described as follows:

Commencing on the Bladen Branch of Monkey River at a point having the scaled UTM co-ordinates of 1831 600 North and 317 100 East;

thence westerly along the north bank of the Bladen Branch to the confluence with Richardson Creek, having the scaled UTM co-ordinates 1830 700

North and 311 450 East;

thence north-westerly along the north bank of Richardson Creek for an approximate distance of 14,400 metres to a point on the Main Divide of the Maya Mountains having the scaled UTM co-ordinates of 1835 350 North and 303 765 East.

thence north-easterly along the said Main Divide for an approximate distance of 19,300 metres to a point having the scaled UTM co-ordinates of 1845 650 North and 311 150 East;

thence easterly along the ridge boundary of the Cockscomb Basin for an approximate distance of 6,500 metres to a point having the scaled UTM coordinates of 1845 575 North and 317 100 East;

thence south for an approximate distance of 14,000 metres back to the point of commencement.

National Parks System

SCHEDULE**[Paragraph 2]****COROZAL BAY WILDLIFE SANCTUARY**
(MANATEE RESERVE)

All that portion of the Caribbean Sea being the northeastern portion of the country of Belize and bounded on the North by the International Boundary between Belize and Mexico; on the East by the said International Boundary and the Western Boundary of Bacalar Chico Marine Reserve; on the South by two East-West lines one between Deer Cay and Swab Cay, the other from Mosquito Cay to Sand Cay; on the west by the high water mark on the Coast of Corozal District and being more particularly describes as follows:

Commencing at a point on the High Water Mark of the Santa Cruz Lagoon on the Western Coast of Ambergris Caye having a UTM coordinate of 401 293 East and 1997 748 North said point being the Southwesterly corner of the Bacalar Chico Marine Reserve;

thence due west for an approximate distance of 9.75 miles (15.69 km.) to a point in the Bulkhead Reef having a UTM coordinate of 385 600 East and 1997 748 North;

thence due south for an approximate distance of 6.90 (11. 10 km.) to a point having a UTM coordinate of 385 600 East and 1986 650 North;

thence due west for an approximate distance of 5.10 miles (8.2 km.) to a point on the High Water Mark on the coast of Corozal District having a UTM coordinate of 377 526 East and 1986 638 North;

thence in a northerly direction along the High Water Mark of the Coast of Corozal District around Rocky Point (North), and continuing along the said Coast of Corozal District in a westerly direction, to and along the Corozal Bay in a north easterly direction to a point on the International Boundary between

Belize and Mexico at the estuary of the Rio Hondo River and Bahia Chetumal;

thence south - easterly along the said International Boundary to a point having a UTM coordinate of 401 293 East and 2009 073 North said point being the northwestern corner of Bacalar Chico Marine Reserve;

thence due south along the western boundary of the Bacalar Chico Marine Reserve, for an approximate distance of 6.58 miles (10.6 km.) back to the point of commencement.

Saving and accepting thereof and therefrom all land, cayes, islands, within the described areas.

Wildlife
Sanctuary.

MADE by the Minister of Natural Resources this 4th day of August, 1998.

(HON. EDUARDO JUAN)

Minister of Natural Resources

SCHEDULE**[Paragraph 2]****AGUACALIENTE (LU HA) WILDLIFE SANCTUARY**

ALL THAT piece or parcel of land lying in the Toledo District and being now or formerly national land and hereinafter referred to as the Aguacaliente (Lu Ha) Wildlife Sanctuary and bounded on the north by Blue Creek and Mafredi agricultural parcels; on the East by Machaca Forest Reserve, and part of the old San Antonio Road; on the South by the Black Creek Indian Reservation and Laguna agricultural parcels; and on the West by Blue Creek, National lands and Blue Creek agricultural parcels, and containing approximately 5,492 acres and being more particularly described as follows:

Commencing at a point on the north bank of Blue Creek having the scaled UTM coordinates of 285 290 East and 1788 145 North;

Thence in a northern direction for an approximate distance of 2,855 metres to a point having the scaled UTM coordinates of 285 290 East and 1791000 North;

Thence in an eastern direction for an approximate direction for an approximate distance of 3110 metres, passing over Mafiredi Creek to a point having the scaled UTM coordinates of 288 400 East and 1791 000 North;

Thence in a southern direction for an approximate distance of 650 metres to a point having the scaled UTM coordinates of 288 400 East and 1790 350 North;

Thence in an eastern direction for an approximate distance of 600 metres to a point having the scaled UTM coordinates of 289 000 East and 1790 350 North;

Thence in a northern direction for an approximate distance of 650 metres to a point having the scaled UTM coordinates of 289 000 East and 1791 000 North;

Thence in an eastern direction for an approximate distance of 262 metres, following the southern line of the Mafredi agricultural parcels, to a point having the scaled UTM coordinates of 289 260 East and 1791 033 North;

Thence in a northern direction for an approximate distance of 2,192 metres, following the eastern line of the Mafredi agricultural parcel, to a point having the scaled UTM coordinates 289 260 East and 1793 225 North;

Thence in an eastern direction for an approximate distance of 500 metres, following the southern line of a Mafredi agricultural parcel, to a point having the scaled UTM coordinates of 289 760 East and 1793 225 North;

Thence in a northern direction for an approximate distance of 793 metres, following the eastern line of the said parcel, to a point having the scaled UTM coordinates of 289 748 East and 1794 010 North;

Thence in an eastern direction for an approximate distance of 1,252 metres, following the southern line of a Mafredi agricultural parcel, to a point having the scaled UTM coordinates of 291 000 East 1794 000 North;

Thence in a southern direction, bounded on the east by the Machaca Forest Reserve, for an approximate distance of 1,008 metres to a point having the scaled UTM coordinates of 291 000 East and 1792 993 North;

Thence in a southeastern direction, bounded by the Machaca Forest Reserve, for an approximate distance of 2,862 metres, crossing an unnamed creek and Crique Piedra and following the approximate alignment of the old San Antonio Road, to a point having the scaled UTM coordinates of 292 200 East and 1790 400 North;

Thence in a southern direction, bounded by the Machaca Forest Reserve, for an approximate distance of 555 metres to a point having the scaled UTM coordinates of 292 125 East and 1789 850 North;

Thence in a southwestern direction, bounded on the south by the Machaca Forest Reserve, for an approximate distance of 1,962 metres to a point north west of Laguna village having the scaled UTM coordinates of 290 500 East and 1788 750 North;

Thence in a western direction to the north of Laguna agricultural parcels for an approximate distance of 1,492 metres to a point having the scaled UTM coordinates of 289 008 East and 1788 750 North;

Thence in a further western direction for an approximate distance of 918 metres to a point having the scaled UTM coordinates of 288 125 East and 1788 500 North;

Thence in a southwestern direction for an approximate distance of 659 to a point having the scaled UTM coordinates of 287 601 East and 1788 101 North;

Thence in a south western direction for an approximate distance of 542 metres to a point having the scaled UTM coordinates of 287 300 East and 1787 650 North;

Thence in a western direction, for an approximate distance of 831 metres to a point having the scaled UTM coordinates of 286 500 East and 1787 425 North;

Thence in a northern direction, for an approximate distance of 505 metres to a point having the scaled UTM coordinates of 286 498 East and 1787 931 North;

Thence in a general western direction, for an approximate distance of 1, 134 metres following the southern bank of Blue Creek at a distance of 66 feet from the said creek, to a point having the scaled UTM coordinates of 285 464 East and 1788 042 North.

Thence in a northern direction for an approximate distance of 202 metres across the Blue Creek to the point of commencement.

Saving and excepting thereof and therefrom all Lands within the declared area leased or granted prior to the proclamation of the Wildlife Sanctuary.

A map of the area described may be seen at the Office of the Chief Forest Officer, Belmopan.

SCHEDULE

[Paragraph 2]

SPANISH CREEK WILDLIFE SANCTUARY

ALL THAT piece or parcel of land in the Belize District comprising of approximately 5,985 acres of land bounded on the north-north west by the community of Rancho Dolores, on the east by Sarah Humes Estate and on the west by Programme for Belize and hereinafter described as follows -

Commencing at a point on the east of Rancho Dolores Bridge and having the scaled UTM co-ordinates of 1939 564 North and 327 750 East;

Thence east along the Rancho Dolores Road on a bearing of 110.8 degrees for an approximate distance of 93 meters to a point having the scaled UTM coordinates of 1939 531 North and 327 890 East;

Thence south ascending the eastern banks of Spanish Creek on a bearing of 216 degrees for an approximate distance of 1,494 meters to a point having the scaled UTM co-ordinates of 1938 325 North and 327 000 East;

Thence south southeast on a bearing of 130.8 degrees for an approximate distance of 1,311 meters to a point having the scaled UTM co-ordinates of 1937 475 North and 328 000 East;

Thence south-west on a bearing of 189.9 degrees for a distance of 6,871 meters to the confluence of the Belize River and Labouring Creek and having the scaled UTM co-ordinates of 1930 730 North and 326 840 East;

Ascending the northern bank of Labouring Creek for a distance of approximately 4,493 meters to a point having the scaled UTM coordinates of 1930 719 North and 323 687 East;

Thence north-north west on a bearing of 343 degrees for a distance of approximately 2,645 meters to a point having the scaled UTM co-ordinates of 1933 281 North and 322 935 East;

Thence north west on a bearing of 303.7 degrees for a distance of approximately 429 meters to a point having the scaled UTM co-ordinates of 1933 500 North and 322 560 East;

Thence north-north west on a bearing of 339 degrees for a distance of approximately 1,594 meters to a point having the scaled UTM co-ordinates of 1935 000 North and 322 000 East;

Thence east on a bearing of 86.1 degrees for a distance of approximately 3,163 meters to a point on the west bank of Spanish Creek and known as White Rock and having the scaled UTM co-ordinates of 1935 200 North and 325 150 East;

Descending the west bank of Spanish Creek for a distance of approximately 4,993 meters back to the point of commencement.

SCHEDULE
[Paragraph 2]

DESCRIPTION OF BURDON CANAL NATURE RESERVE

PART A

All that piece or parcel of land situated in the Haulover Creek area, containing approximately 20 acres, and bounded on the north by Parcels 1706, 1705, 1704, 1703 and 1702; on the East by parcel 1701; and on the South and West by Haulover Creek and being more particularly described as follows:

Commencing at a point, on the Eastern bank of the Haulover Creek, having the scaled U.T.M. co-ordinates of 1936 600 North and 368 260 East; thence in an Eastern direction for 76 metres to a point having the scaled U.T.M. co-ordinates of 1936 600 North and 368 335 East; Thence in a South, South East, and North Eastern direction, parallel to the Creek, for approximately 856 metres to a point having the U.T.M. co-ordinates of 1936 670 North and 369 040 East; Thence in a Southern direction for 76 Metres to a point, on the Northern bank of the Haulover Creek having the scaled U.T.M. co-ordinates of 1936 595 North and 369 040 East; Thence in a West, South West, North West and Northern direction, following the bank of the Haulover Creek, for approximately 964 metres to the point of commencement.

PART B

All that piece or parcel of land save and except all Leases, Fiats or Grants existing at the time of Declaration, situated West of the Burdon Canal, containing approximately 42,000 acres, and bounded on the North by Haulover Creek; on the East by the Burdon Canal; on the South by the Western Highway; and on the West by Almond Hill Pine Ridge and Bolton's Bank, and being more particularly described as follows:

Commencing at a point, being the Southern most point where the land known as Bolton's Bank meets the haulover Creek, having the scaled U.T.M. co-ordinates of 1937 450 North and 367 680 East; Thence in a South Eastern direction, along West bank of the Haulover Creek, for approximately 3260 metres to a point the scaled U.T.M. co-ordinates of 1935 990 North and 369 833 East; Thence in a Southern direction for approximately 200 metres to a point having the scaled UTM co-ordinates of 1935 795 North and 369 833 East; Thence in a South Western direction following the West Bank of the Burdon Canal, for approximately 5,645 metres, to a point having the scaled U.T.M. co-ordinates of 1931 560 North and 366 110 East, 110 East; Thence on the North Western Highway for approximately 2,400 metres to a point having the scaled U.T.M. co-ordinates of 1931 690 North and 363 850 East; Thence in a Northern. Direction for approximately 380 metres to a point having the scaled U.T.M. co-ordinates of 1932 030 North and 363 630 East; Thence in a North East Northern direction for approximately 4,300 metres to a point having the scaled U.T.M coordinates of 1936 180 North and 364 800 East; Thence in a Western direction, following the Southern boundary of the land known as Bolton's Bank, for approximately 2,500 metres to a point having the scaled U.T.M. co-ordinates of 1935 900 North and 367 050 East; Thence in a North Eastern direction, following the Eastern boundary of the land known as Bolton's Bank, for approximately 1,675 metres to a point of commencement.

PART C

All that piece or parcel of land, save and except all Leases, Fiats or Grants existing at the time of declaration, situated West of the Burdon Canal containing approximately 1,750 acres, and bounded on the North by the Western Highway; on the East by the Burdon Canal; on the South by Jones Lagoon; and on the West by the Turtons' Ridge; and being more particularly described as follows:

Commencing at a point, being the South West foot of the Burdon Canal Bridge, having the scaled U.T.M. co-ordinates of 1931 550 North and 366 100 East; Thence West direction, along the West Bank of the Burdon Canal for a distance of

approximately 2420 metres to a point at the confluence of the Burdon Canal and Jones Lagoon having the scaled U.T.M. co-ordinates of 1929 700 North and 364 555 East; Thence in a South Western direction, following the West bank of Jones Lagoon for a distance of approximately 210 metres to a point having the scaled U.T.M. co-ordinates of 1929 560 North and 364 450 East; Thence in a Western and South Western direction, along the North side of a road reserve for approximately 615 metres to a point having the scaled U.T.M. co-ordinates of 1929 350 North 363 900 East; Thence in a Northern direction for approximately 400 metres to a point having the scaled U.T.M. co-ordinates of 1929 760 North and 363 900 East; Thence in a Western direction for approximately 200 metres to a point having the scaled U.T.M. co-ordinates of 1729 760 North 363 710 East; Thence in an Northern direction for approximately 300 metres to a point having the scaled U.T.M. co-ordinates of 1930 050 North and 363 705 East; Thence in an Eastern direction for approximately 200 metres to a point having the scaled U.T.M. co-ordinates of 1936 250 North and 363 900 East; Thence in an Eastern direction for approximately 260 metres to a point having the scaled U.T.M. co-ordinates of 1930 250 North and 364 150 East; Thence in a Northern direction for a distance of approximately 440 metres to a point having the scaled U.T.M. co-ordinates 1930 675 North and 364 150 East; Thence in a Western direction for approximately 150 metres to a point having the scaled U.T.M. co-ordinates 1930 675 North and 364 000 East;

Thence in a Northern direction for approximately 400 metres to a point on the South side of the Western Highway having the scaled U.T.M. co-ordinates of 1931 650 North and 364 000 East; Thence in an Eastern and South Eastern direction, along the South side of the Western Highway, for approximately 2,210 metres to the point of commencement.

SCHEDULE

[Paragraph 2]

CHIQUIBUL NATIONAL PARK

S. I. 55 of 1995.

ALL THAT piece or parcel of land in the Cayo District comprising approximately 115,717 hectares (285,937 acres) bounded on the north by the Vaca Forest Reserve and Macal River, on the south and east by the main watershed of the Maya Mountains, and on the West by the Belize/Guatemala Border; and being more particularly described as follows:

Commencing at the Guacamallo Bridge crossing the Macal River, having the scaled UTM co-ordinates of 1865 550 North and 282 750 East;

thence north-east along the Macal River to its source below the hill called Baldy Sibun having the scaled UTM co-ordinates of 1878 500 North and 314 650 East;

thence south and east along the watershed between the Belize and Sibun Rivers to a point where this watershed joins the watershed between the Belize and Sittee Rivers (the main watershed of the Maya Mountains) having the scaled UTM co-ordinates of 1866 700 North and 322 350 East;

thence south-west following the main watershed of the Maya Mountains (between the Belize River on the western side and the east-flowing rivers Sittee, South Stann Creek, Monkey and Deep Rivers, Golden Stream, Rio Grande, Moho River) to the point where it crosses the Belize/Guatemala international boundary having the scaled UTM co-ordinates of 1822 150 North and 266 250 East;

thence north following the international boundary to a point having the scaled UTM co-ordinates 1865 900 North and 269 550 East;

thence east to a point on the Macal River having the scaled co-ordinates 1865 900 North and 282 000 East;

thence east following the Macal River to the point of commencement;

but excluding the Caracol Archaeological Reserve described in the National Institute of Culture and History (Caracol Archaeological Reserve) Order and excluding the Chiquibul Forest Reserve described in Forests Reserves (Consolidation) (Chiquibul) Order.

*Minister of Natural Resources
Minister responsible for the
National Parks System*

SCHEDULE**[Paragraph 2]****FIVE BLUES LAKE NATIONAL PARK (EXTENSION)**

ALL THAT piece or parcel of land in the Cayo District save and except all existing leases of National Lands, containing approximately 4,250 acres, and bounded on the North by National Lands, on the East by Indian Creek, on the South by a road running from Dry Creek to Indian Creek, and on the West by Dry Creek and being more particularly described as follows:

Commencing at a point having the scaled U. T. M. co-ordinates of 330 000 East and 1894 750 North; thence in a Northern direction for an approximate distance of 600 metres to a point having the scaled U.T.M. co-ordinates of 330 000 East and 1895 350 North; thence in an Eastern direction for an approximate distance of 755 metres to a point on the north bank of a branch of Indian Creek which flows from Five Blues Lake having the scaled U.T.M. co-ordinates of 330 755 East and 1895 350 North; thence in a general Eastern direction, along the north bank of the said Creek, to a point having the scaled U.T.M. coordinates of 331900 East and 1895 430 North; thence in a Northern direction for an approximate distance of 300 metres, to a point having the scaled U.T. M. co-ordinates of 331900 East and 1895 730 North; thence in an Eastern direction for an approximate distance of 600 metres, to a point having the scaled U. T. M. co-ordinates of 332 500 East and 1895 730 North; thence in a North East North direction for an approximate distance of 1,350 metres to a point having the scaled U.T.M. co-ordinates of 333 000 East and 1897 000 North; thence in a Western direction for an approximate distance of 850 metres to a point on the west bank of Yaha Creek having the scaled U.T.M. co-ordinates of 332 145 East and 1897 000 North; thence in a general Northern direction, along the west bank of Yaha Creek, to a point having the scaled U.T.M. co-ordinates of 332 045 East and 1897 500 North; thence in an East North East direction, across Indian Creek, for an approximate distance of 3,105 metres to a point having the scaled U.T.M. co-ordinates of 335 000 East and 1898 500 North; thence in a Southern direction for an approximate distance of

1,500 metres to a point having the scaled U.T.M. co-ordinates of 335 000 East and 1897 000 North; thence in a South West direction for an approximate distance of 1,600 metres to a point on the East bank of Indian Creek having the scaled U.T.M. coordinates of 334 125 East and 1895 650 North; thence in a general South West and Western direction, along the East and South bank of Indian Creek and the said branch of Indian Creek to a point at that branch's confluence with a creek flowing from the south having the scaled U.T.M. co-ordinates, of 332 350 East and 1894 920 North; thence in a Southern direction, along the East bank of the said creek to a point having the scaled U.T.M. co-ordinates of 332 100 East and 1894 000 North; thence in a South Eastern direction for an approximate distance of 800 metres to a point on the West bank of Indian Creek having the scaled U.T.M. co-ordinates of 332 685 East and 1893 450 North; thence in a general South West direction, along the West and North bank of Indian Creek and a tributary flowing into Indian Creek from the west to a point having the U.T.M. co-ordinates of 332 550 East and 1892 450 North; thence in a northern direction for an approximate distance of 850 metres, across a road running from Dry Creek to Indian Creek, to a point having the scaled U.T.M. co-ordinates of 331430 East and 1893 300 North; thence in a south western direction for an approximate distance of 900 metres to a point having the scaled U.T. M. coordinates of 330 800 East and 1892 655 North; thence in a southern direction for an approximate distance of 375 metres to a point on the said road having the scaled U.T.M. co-ordinates of 330 715 East and 1892 275 North; thence in a generally west south western direction, following the said road, to the road's crossing of Dry Creek; thence in a generally northern direction following the west bank of Dry Creek to a point, where a road crosses the said creek to access Five Blues Lake, having the scaled U.T.M. co-ordinates of 329 050 East and 1894 900 North; thence in a general south eastern direction, following the said road, to a point having the scaled U.T.M. co-ordinates of 329 600 East and 1894 550 North; thence in a north east direction for an approximate distance of 400 metres to the point of commencement.

SCHEDULE

[Paragraph 2]

BACALAR CHICO NATIONAL PARK

ALL THAT portion of the Caribbean Sea and Land being Ambergris Caye, in the Belize District, comprising approximately 28,148 acres and bounded on the North by the International Boundary between Belize and Mexico; on the East by a 1,207 metres (3/4 miles) buffer east of the reef crest; on the South by the Caribbean Sea, parts of Robles and parts of land now or formerly known as the Pinkerton Estate; and on the West by a north-south line between Ambergris Caye and Deer Caye and being more particularly described as follows:

Commencing at a point along the mean high water mark of the Eastern coast of Ambergris Caye near Robles, having the scaled U.T.M. coordinates of 409 289 East and 2002 001 North;

thence in a Southwesterly direction along the mean high water mark of the Eastern coast of Ambergris Caye approximately 1.98 miles (3,200 metres) from Robles to a point having the scaled U.T.M coordinates of 407 341 East and 1999 824 North;

thence in a Southeasterly direction for an approximate distance of 1,945 metres to a point having the scaled U.T.M. coordinates of 408 852 East and 1998 599 North;

thence in a general Northerly direction, parallel to the reef and following the natural contour of the reef crest for an approximate distance of 9.63 miles to a point having the scaled U.T.M coordinates of 413 277 East and 2011 384 North;

thence in a Westerly direction along the international boundary between Belize and Mexico, to a point having the scaled U.T.M. coordinates of 401 293 East and 2009 073 North;

thence due South for an approximate distance of 6.58 miles (10,600 metres) to a point on the high water mark of the Santa Cruz Lagoon, having the scaled U.T.M coordinates of 401 293 East and 1997 748 North;

thence in a northeasterly direction along the Santa Cruz lagoon to a point on the high water mark having the scaled U.T.M. coordinates of 403 960 East and 1999 311 North;

thence in a northeasterly direction for an approximate distance of 3,810 metres to a point having the scaled U.T.M. coordinates of 406 720 East and 2002 015 North;

thence in a North - Northeasterly direction for an approximate distance of 1,725 metres to a point having the scaled U.T.M coordinates of 407 510 East and 2003 550 North;

thence in a Southeasterly direction for an approximate distance of 2,250 metres to the point of commencement.

but excluding the Marine Reserve described in Statutory Instrument No. 88 of 1996.

and excluding all private properties.

SCHEDULE
[Paragraph 2]

NOJKAAX MEEN ELIGIO PANTI NATIONAL PARK

ALL THAT piece or parcel of land containing approximately 13,006 acres situate in the Cayo District and bounded on the North by Block #8 and #30 on the property map; on the south by the Mountain Pine Ridge Forest Reserve; on the west by the Vaca Forest Reserve and hereinafter described as follows:-

Commencing at Black Rock (or Flour Landing) on the left bank ascending the Eastern Branch of the Belize River approximately 3 miles from Negroman; thence on a bearing of approximately 64 30' for a distance of approximately 2 miles 60 chains to a point having a scaled U.T.M. coordinate of 284 550 east and 1887 750 north; thence on a bearing of a 37 degrees 18' for a distance of approximately 66.6 chain to a point having a U.T.M. coordinate of 285 350 east and 1888 800 north; thence east for a distance of approximately 35 chains to a point having a U.T.M. coordinate of 286 050 east and 1888 800 north; thence on a bearing of 199 degrees 26' for a distance of approximately 22 chains to a point having a U.T.M. coordinate of 285 900 east and 1888 375 north, thence on a bearing of 64 degrees 30' for a distance of approximately 2 miles 17 chains to a point having a U.T.M. coordinate of 289 129 east and 1889 943 north; thence south along the A 10 Road to a point having a U.T.M. coordinate of 288 520 east and 1889 330 north; thence south east to a point having a scaled U.T.M. coordinate of 288 616 east and 1889 383 north; thence east to a point on the south western boundary of Alexander Estates (No. 8 on the property map) to a point having a U.T.M. coordinate of 291, 000 east and 1889 850 north; thence on a bearing of 107 00' to a branch of Barton Creek; thence up stream in a southerly direction on the right bank ascending the said branch of Barton Creek for a distance of approximately 30 chains to the Western boundary of Vachel Keene Estate on a bearing of approximately 248 00' for a distance of 1 mile 14 chains to a point: thence by the Western boundary of Roaring Creek Works (Block No. 30 on the property map) on a bearing of approximately 135 00' to Slate Creek Line,

Thence in a westerly direction along the Slate Creek Line along the A 10 road; thence continuing south along the A 10 road to the intersection of the A 10 Road and San Miguel Line; continuing along the San Miguel Line to a point at the intersection of the 1963 Line, thence in a north westerly direction along the 1963 Line to a point having a U.T.M. coordinate of 288 750 east and 1883 300 north; continuing along an old logging road in a north westerly direction to Privassion Creek:

Thence downstream by the right bank descending the Privassion Creek to the confluence of the Rio On Creek: continuing downstream by the right bank descending the Rio On Creek to the confluence of the Eastern Branch of the Belize River; thence down stream by the right bank descending the Eastern Branch of the Belize River to the point of commencement at Black Rock (Flour Camp).

EXCLUDING:-

PINE RIDGE CHITO ENCLAVE

All that piece or parcel of land comprising approximately 2,090 acres situated within the Mountain Pine Ridge Forest Reserve, Cayo District, and known as the Pine Ridge Chito Enclave to be the San Antonio Peanuts and Grains Cooperative is hereinafter described its follows:-

Commencing at the Confluence of Little Vaqueros Creek and Privassion Creek;

Thence downstream along the right bank of Privassion Creek in a Southwesterly direction for a distance of approximately 3.1 kilometers (1.92 miles) to its confluence with a stream;

Thence in a northerly direction along the right bank of the said stream to a point having the scaled U.T.M. coordinates of approximately 285 650 east and 1884 250 north where it crosses a minor road;

Continues northwesterly along the minor road for a distance of approximately 3.05 kilometers (1.89 miles) to a point having a scaled U.T.M. coordinate of approximately 284 550 east and 1886 450 north;

Thence north east on a bearing N 84 38' 39" E for a distance of approximately 1607.02 meters to a point having a scaled U.T.M. coordinate of 286 150 East and 1886 600 north,

Continues north east on a bearing of N 75 15' 23" E for a distance of approximately 1964.69 meters to a point on the Pine Ridge Chito Line having a scaled U.T.M. coordinate of 288 050 east and 1887 100 north;

Thence southeasterly along the Pine Ridge Chito Line to Little Vaqueros Creek;

Thence downstream along the Little Vaqueros Creek in a southwesterly direction, back to the point of commencement.

EXCLUDING:-

PRIVASSION ENCLAVE

ALL THAT piece or parcel of land situated in the Mountain Pine Ridge Area, Cayo District, containing approximately 2,046 acres, known as the Privassion Enclave being more particularly described as follows:-

Commencing at the point where the Chiquibul Forest Road A 10 crosses Privassion Creek;

Thence in a northerly direction by the Western limit of the said road for a distance of approximately 1 mile 11 chains to the point where it crosses Little Vaqueros Creek;

Thence in a northwesterly direction down stream along the left bank of Little Vaqueros Creek for a distance of approximately 3 miles 60 chains to the

confluence with Privassion Creek;

Thence in a southeasterly direction upstream along the left bank of Privassion Creek back to the point of commencement.

EXCLUDING:

PINE RIDGITO GATE ENCLAVE

ALL THAT piece or parcel of land situated in the Mountain Pine Ridge Forest Reserve, Cayo District, containing approximately 6.12 acres, known as the Pine Ridgito Gate being more particularly described as follows:-

Commencing at a point along the Pine Ridgito Line and having a scaled U.T.M. coordinate of approximately 288 417 east and 1888 125 north;

Thence east on a bearing of 76.0 degree for a distance of approximately 756 feet to a point on the A 10 road having a scaled U.T.M. coordinate of 288 640 east and 1888 180 north;

Thence north on a bearing of 312.6 degree for a distance of approximately 675 feet to a point having a scaled U.T.M. coordinate of 288 490 east and 1888 320 north;

Thence west on a bearing of 216.8 degrees for a distance of approximately 575 feet to a point having a scaled U.T.M. coordinate of 288 386 east and 1888 179 north;

Thence south on a bearing of 150.0 degree for a distance of approximately 204 feet, back to the point of commencement.
